

## Blarghour Wind Farm connection project alignment consultation

### Public Consultation Event June/July 2026

**SSEN Transmission invites you to come and share your views with us at our upcoming public consultation events.**

#### What is happening?

SSEN Transmission is holding a public consultation event to gain views and feedback on our alignment options for Blarghour Wind Farm Connection Project. Our consultation period opens on the 8th June 2026 until 9th July 2026.

#### Why this project is required

Due to the increase in renewable energy generation in Argyll, some of the existing network needs to be upgraded and reinforced to ensure supply and support the transition to net zero emissions.
